About RenPSG

RenPSG provides complete philanthropic solutions through technology-enabled business services including cloud apps, consulting, and administration. We provide technology and service so our clients can focus on their donors' giving and their own growth.

Headquartered and operated in Indianapolis, Indiana, RenPSG is the largest independent philanthropic solutions provider in North America. With 30 years of industry knowledge and experience, RenPSG delivers custom solutions that include tax expertise, accounting support, and impeccable client service, all through our proprietary cloud computing technology. We count financial services firms, elite nonprofit organizations, and leading community foundations as our partners. Currently, RenPSG services $16 billion in assets, including charitable trusts, donor-advised funds, pooled income funds, endowments, and private foundations.

Especially over the last four years, RenPSG has grown into a one-stop shop for the philanthropic needs of faith-based organizations, nonprofit organizations, and financial services firms by providing the administrative and accounting work necessary for donor-advised funds, pooled income funds, private foundations, and charitable gift annuities, in addition to charitable trusts.

2017 was a pivotal year for RenPSG as the company deepened its footprint in the financial services sector, aggressively launched a new stand-alone technology product called DFX, and prepared to enter adjacent markets by leveraging its expertise and capacity in niche fiduciary administration and technology-enabled business services. We look forward to continued success in 2018.

Culture

Our most successful Associates have strong social skills, are creative, understand client needs and have a drive to help. We focus on living our mission and values every day.

Mission: To partner with clients to amplify charitable giving in a significant and meaningful manner.

Values: Expectation Shattering Client Service. Commitment to Excellence. Team Above Self. Live with Integrity. Earn through Accomplishments. Accountable for Actions and Results. Continuous Innovation. Community Involvement. Have Fun.

Software (.NET) Developer

We are looking for a team oriented .Net developer to join our team. In this role, you will work with internal teams to design, develop and maintain software, and build software using languages and technologies of the .NET framework. You will also create applications from scratch, configure existing systems and provide user support. The person in this role should be able to write functional code with limited defects.

Responsibilities

- Participate in requirements analysis
- Collaborate with internal teams to produce software design and architecture
- Write clean, scalable code using .NET programming languages
- Test and deploy applications and systems
- Revise, update, refactor and debug code
- Improve existing software
- Develop documentation throughout the software development life cycle (SDLC)
- Serve as an expert on applications and provide technical support
- To develop technical interfaces, specifications and architecture
- To develop client displays and user interfaces
- To develop and test software prototypes
- To assist software personnel in handling project related work and other requirements
- To coordinate with other software professionals and developers

Requirements

- BS/BA in Computer Science, Engineering or a related field
- Proven experience as a .NET Developer or Application Developer
- Familiarity with the ASP.NET framework, SQL Server and design/architectural patterns (e.g. Model-View-Controller (MVC))
- Knowledge of at least one of the .NET languages (e.g. C#, Visual Basic .NET) and HTML5/CSS3
- Familiarity with architecture styles/APIs (REST, RPC)
- Understanding of Agile methodologies
- Excellent troubleshooting and communication skills
- Attention to detail

Compensation & Benefits

- Compensation is commensurate with experience
- Our benefits package and PTO are highly competitive and include health, dental, and vision insurance, flexible spending account and annual bonus incentive plan
