

### ■ What is a Donor-Advised Fund?

A charitable giving vehicle administered by a public charity that manages charitable assets for individuals or organizations.

### ■ How does it work?

A donor makes a gift to a sponsoring charity and receives an immediate charitable tax deduction. The sponsoring charity works with the donor's recommended financial advisor to invest the dollars so they grow while the donor makes recommendations on grants to their favorite charities. Renaissance Charitable verifies the charity is a 501(c)3 charity and then sends the grant check.
